

Safety Data Sheet

Version 3

1. Identification of the Substance/Preparation and of the Company/Undertaking

<u>Product Identifier</u> Product name Chemical name	CHAMPION SPRAYON X-IT-OUT VANDAL MARK REMOVER 7-7786-2		
Other means of identification Product code Synonyms	FG 438-5149-12 Graffiti Remover		
Recommended use of the chemical	and restrictions on use		
Recommended Use	Vandal mark remover.		
Uses advised against	Do not use to clean glass or wood surfaces. DO NOT USE ON FLOORS		
Details of the supplier of the safety	Details of the supplier of the safety data sheet		
Supplier Address	Manufacturer Address		
Chase Products Co.	Chase Products Co.		
2727 Gardner Road	2727 Gardner Road		
Broadview, IL 60155	Broadview, IL 60155		
708-865-1000	708-865-1000		

2. Hazards Identification

Classification

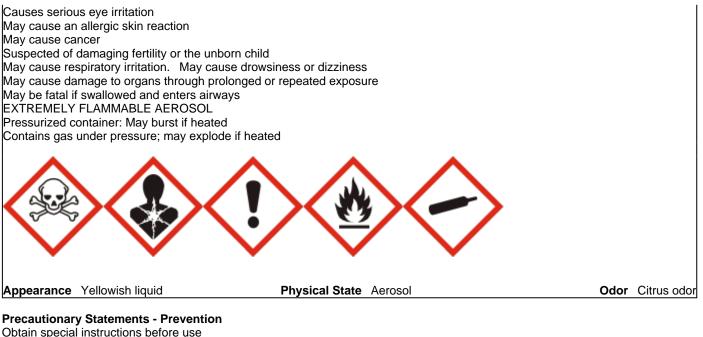

Acute toxicity - Oral	Category 4
Acute toxicity - Inhalation (Gases)	Category 2
Acute toxicity - Inhalation (Vapors)	Category 4
Acute toxicity - Inhalation (Dusts/Mists)	Category 4
Skin corrosion/irritation	Category 2
Serious eye damage/eye irritation	Category 2
Skin sensitization	Category 1
Carcinogenicity	Category 1B
Reproductive toxicity	Category 2
Specific target organ toxicity (single exposure)	Category 3
Specific target organ toxicity (repeated exposure)	Category 2
Aspiration toxicity	Category 1
FLAMMABLE AEROSOLS	Category 1
Gases Under Pressure	liquefied gas

Label Elements

EMERGENCY OVERVIEW

DANGER

hazard statements HARMFUL IF SWALLOWED Contains methanol, may cause blindess if swallowed. Fatal if inhaled CAUSES SKIN IRRITATION

Do not handle until all safety precautions have been read and understood Wear protective gloves, protective clothing, eye protection and face protection. Wash face, hands and any exposed skin thoroughly after handling Do not eat, drink or smoke when using this product Do not breathe fumes, mist, vapors or spray. Use only outdoors or in a well-ventilated area Wear respiratory protection Contaminated work clothing should not be allowed out of the workplace Wear protective gloves Keep away from heat, sparks, open flames and hot surfaces. — No smoking Pressurized container: Do not pierce or burn, even after use Do not spray on an open flame or other ignition source

Precautionary Statements - Response

IF exposed or concerned: Get medical advice/attention Specific treatment is urgent. See additional cautionary statements and "NOTICE" on this label. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing If eye irritation persists: Get medical advice/attention IF ON SKIN: Wash with plenty of soap and water Take off contaminated clothing and wash before reuse If skin irritation or rash occurs: Get medical advice/attention IF INHALED: Remove victim to fresh air and keep at rest in a position comfortable for breathing Immediately call a POISON CENTER or doctor IF SWALLOWED: Rinse mouth. Immediately call a POISON CENTER or doctor. Do NOT induce vomiting

Precautionary Statements - Storage

Store locked up Store in a well-ventilated place. Keep container tightly closed Protect from sunlight. Do not expose to temperatures exceeding 50 °C/122 °F

Precautionary Statements - Disposal

Dispose of contents/container to an approved waste disposal plant

Hazards not otherwise classified (HNOC)

Other Information

- Harmful to aquatic life with long lasting effects
- MAY BE HARMFUL IF SWALLOWED

• May be harmful in contact with skin

Toxic to aquatic life with long lasting effects

3. Composition/information on Ingredients

Synonyms	Graffiti Remover.
Chemical Family	MIXTURES.
Formula	7-7786-2

Chemical name	CAS No	weight-%	Trade secret
Naphtha (petroleum), heavy aromatic	64742-94-5	15-20	*
Toluene	108-88-3	15-20	*
Acetone	67-64-1	15-20	*
Dimethyl Glutarate	1119-40-0	15-20	*
Carbon Dioxide	124-38-9	1-5	*
Pine Oil	8002-09-3	1-5	*
Methyl alcohol	67-56-1	<3	*
Naphthalene	91-20-3	1-2	*
Cocamide diethanolamine	68603-42-9	1-2	*
D-Limonene	5989-27-5	1-5	*

* The exact percentage (concentration) of composition has been withheld as a trade secret.

4. First aid measures FIRST AID MEASURES Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact **Eye Contact** lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice. Skin contact Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advise. Inhalation If overcome by vapor, move person to fresh air. If person is not breathing, call 911 or an ambulance, then provide artifical respiration, preferably mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advise. Ingestion Call a poison control center or doctor for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. Most important symptoms and effects, both acute and delayed Acute: Prolonged inhalation of concentrated vapor or mist may cause headaches, dizziness Symptoms and nausea. Prolonged and repeated contact with skin may cause irritation and reddening. Contact with eyes causes irritation. Indication of any immediate medical attention and special treatment needed Note to physicians Contains petroleum distillates, do not induce vomiting because of aspiration neumonia hazard. 5. Fire-fighting measures

Suitable extinguishing media

Dry chemical, CO2 or water spray.

Unsuitable extinguishing media Caution: Use of water spray when fighting fire may be inefficient.

<u>Specific hazards arising from the chemical</u> This product is under pressure. Water spray may be used to cool cans in the vicinity of fire or excessive heat to prevent the explosion of the cans.

Hazardous combustion product	sThermal decomposition may yield gases like nitrogen oxides, carbon monoxide and carbon dioxide.
<u>Explosion data</u> Sensitivity to Mechanical Impac	t Contents under pressure. This product is extremely flammable. Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity).
Sensitivity to Static Discharge	Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity).

Protective equipment and precautions for firefighters

As in any fire, wear self-contained breathing apparatus pressure-demand, MSHA/NIOSH (approved or equivalent) and full protective gear.

6. Accidental release measures

Personal precautions, protective equipment and emergency procedures

Personal precautions	Use in well-ventilated area ONLY. NOTICE: Reports have associated repeated and prolonged occupational over exposure to solvents with permanent brain and nervous system damage. Intentional misuse by deliberately concentrating and inhaling the contents can be harmful or fatal. To avoid breathing vapor or spray mist open windows and doors or use other means to ensure fresh air entry during application and drying. If you experience eye watering, headaches, or dizziness, increase fresh air or wear an appropriate, properly fitted respirator (NIOSH approved), or leave the area. NOTE: Follow respirator manufacturer's instructions carefully for respirator use.		
For emergency responders	Remove all sources of ignition.		
Environmental precautions			
Environmental precautions	See Section 12 for additional Ecological Information.		
Methods and material for containme	ent and cleaning up		
Methods for Containment	Provide adequate ventilation to area being treated. Soak up spills with chemically inert, absorbent material.		
Methods for cleaning up	Clean contaminated surface thoroughly.		
7. Handling and Storage			
Precautions for safe handling			
Advice on safe handling	Handle as an extremely flammable material. Avoid contact with skin, eyes and clothing. Store cans in a cool, dry place away from heat and open flame.		
Conditions for safe storage, including any incompatibilities			
Storage Conditions	Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity). AEROSOL STORAGE LEVEL III (NFPA-30B).		
Incompatible Materials	Avoid heat, open flame and contact with strong acids, strong bases and strong oxidizers.		
8. Exposure Controls/Personal Protection			

Control parameters

Exposure guidelines

See occupational exposure limits listed below.

Chemical name	ACGIH TLV	OSHA PEL	NIOSH IDLH

		(vacated) STEL: 75 mg/m ³	č

Appropriate engineering controls

Engineering controls Use with adequate general or local exhaust ventilation.

Individual protection measures, such as personal protective equipment

	-	
	Eye/face Protection	Conventional eyeglasses to guard against splashing.
	Skin and Body Protection	Chemical resistant gloves required.
	Respiratory protection	Use in well-ventilated area ONLY. NOTICE: Reports have associated repeated and prolonged occupational over exposure to solvents with permanent brain and nervous system damage. Intentional misuse by deliberately concentrating and inhaling the contents can be harmful or fatal. To avoid breathing vapor or spray mist open windows and doors or use other means to ensure fresh air entry during application and drying. If you experience eye watering, headaches, or dizziness, increase fresh air or wear an appropriate, properly fitted respirator (NIOSH approved), or leave the area. NOTE: Follow respirator manufacturer's instructions carefully for respirator use.
G	eneral hygiene considerations	Wash hands thoroughly after handling. Wash contaminated clothing before reuse. Do not eat, drink or smoke when using this product.

9. Physical and Chemical Properties

Information on basic physical and chemical properties

Physical State	Aerosol		
Appearance	Yellowish liquid	Odor	Citrus odor
Color	light yellow	Odor threshold	No information available
Property_	Values	Remarks • Method	
рН	Not applicable	Solvent-based product.	
Melting point/freezing point	Not applicable	No information available	
Boiling point/boiling range	Heavy Aromatic Solvent Naphtha	No information available	
Flash Point	363-401 °F 183-205°C Not Available. This is an aerosol	No information available	
FIASH FOIL	product for which Flame Projection is		
	over 18 inches with 8 in flashback.		
	Temperatures above 120 °F may		
	cause cans to burst.		
Evaporation Rate	Faster than butyl acetate	No information available	
Flammability (solid, gas)		No information available	
Flammability Limits in Air		No information available	
Upper flammability limits	Not available		
Lower Flammability Limit	Not available		
Vapor pressure		No information available	
Vapor Density		No information available	
Relative Density	0.910 to 0.920 concentrate	No information available	
Water solubility	Insoluble in water	No information available	
Solubility in other solvents		No information available	
Partition coefficient		No information available	
Autoignition Temperature		No information available	
Decomposition temperature		No information available	
Kinematic viscosity		No information available	
Dynamic viscosity		No information available	
Explosive properties	No information available		
Oxidizing properties	No information available		
Other Information			
Softening point	No information available		
Molecular weight	No information available		
VOC content (%)	48.96%		
Density	7.62 b/gal		

10. Stability and Reactivity

Reactivity Not applicable

Bulk Density

No data available

No information available

Chemical stability Stable.

Possibility of hazardous reactions

Temperatures above 130 °F may cause cans to burst with force.

hazardous polymerization Hazardous polymerization does not occur.

Conditions to Avoid Temperatures above 122 °F (50 °C).

Incompatible Materials

Avoid heat, open flame and contact with strong acids, strong bases and strong oxidizers.

Hazardous decomposition products

Thermal decomposition may yield gases like nitrogen oxides, carbon monoxide and carbon dioxide.

11. Toxicological Information

Information on likely routes of exposure

Product Information	This product has not been tested as whole. See below for information on ingredients.
Inhalation	No data available.
Eye Contact	No data available.
Skin contact	No data available.
Ingestion	No data available.

Chemical name	Oral LD50	dermal LD50	Inhalation LC50

Other adverse effects

Ozone

No information available

This product does not contain CFCs or other ozone depleting substances. Federal regulations prohibit the use CFC propellants in aerosols.

13. Disposal Considerations

Waste treatment methods

Disposal of wastes

Dispose of in accordance with federal, state and local regulations.

Contaminated packaging

Pressurized container: Do not pierce or burn, even after use. Do not puncture or incinerate container. If empty: Place in trash or offer for recycling if available. If partly filled: Call your local solid waste agency for disposal instructions.
